The Newspaper Side of Literature.

A long editorial on the "Newspaper Side of Literature," concludes as follows: "Notwithstanding all the evil tendencies of current journalism—the disregard of accuracy, the irreverence, the cruel and impertinent gossip—there are indications which are highly encouraging.

"The fact must be recognized that not all the successful methods of the immense dailies are bad methods. There is a certain thoroughness and enterprise about them that impresses, and which will be a feature of the management of the ideal 'newspaper of the future.' We notice, also, a tendency in some of the most sensational of these papers towards better things—towards a certain legitimate 'sensationalism.' Manners and methods have been modified under an increasing sense of responsibility and in the endeavor to reach a solid as well as numerous circulation. We have spoken recently of the growing independence of the political press, of which independence examples accumulate. The sensational newspaper's editorial page already often shows a gravity and pith of style evidencing ability and conscience. There is a growing tendency towards the fearless, generous, and public-spirited discussion of living questions. Let us hope that these signs indicate a reaction against a state of things that is deprecated by the best men engaged in the profession of daily journalism.

"With all its faults the newspaper of to-day is a tremendous power for good; for the perpetuation of freedom; for the criticism and reform of government; for the betterment of social conditions. The daily press has reformed many things, and ought to be, and is, fully able to reform itself."—*The Century.*

THE best market on the continent of Europe is said to be at Berlin. Fish are sold from vats, and are kept alive. There is every variety of game and domestic fowl to be had within a thousand miles, and steers, veal calves, lambs and other animals are dressed complete—their heads and tails being skinned and kept intact on their trunks.

THE MARKETS.

NEW YORK, July 11.—The stock market was decidedly active and strong at the opening this morning, first prices showing advances from ¼@¾ per cent. The market was active but feverish in early trading, and toward the end of an hour the market became weaker and reacted a fraction and at 11 o'clock was still active, but heavy, at small fractions better than opening figures.

NEW YORK, July 11.—Money, easy, at 1@1½ per cent. Bonds $1.27½, $1.27½ and $1.19.

NEW YORK, July 11.—Wheat, ½@¾c higher and firm, but moderately active, No. 2 red August, 88 5-16@88¾c. Corn, ½@¾c higher and firm, at 55½@57c. Oats, ½@¾c lower, and heavy, at 36@48c. Butter, firm on strictly fine, at 13@20c. Cheese, firm. Sugar firm; granulated, at 7¼c. Coffee, firm; fair Rio, at 14¼c. Eggs, 18@18½c.

TOLEDO, July 11.—Wheat, active at 85½@86½c. Corn, quiet, at 49c½. Oats, quiet, at 33c. Cloverseed, steady, at $4.20.

CHICAGO, July 11.—Wheat, strong, higher, at 83½c. Corn, steadier, at 49c. Pork, weak, lower, at $13.17½@13.22½. Lard, easier, at $8.07½.

ON A RAMPAGE!

The Monongahela River, in Pennsylvania, Overflows its Banks and Carries Destruction in its Wake.

PITTSBURG, July 11.—The freshet in the Monongahela river is almost unprecedented and great damage has been done to the river crafts and property all along the river from the head waters to this city. The suddenness of the rise of the water took the river men entirely unawares. Millions of feet of lumber, scores of coal crafts, fences, out-houses and coal tipples, have been floating down the swift current for the last eighteen hours.

The river at this point is still rising, with twenty-one feet and nine inches on the marks at 9 o'clock, but is reported as stationary with forty-five feet at Greensboro, a hundred miles above this city. At every point between Greensboro and Pittsburg the low lands are under water and the residents are compelled to live in the upper stories of their houses and in some cases seek the hills for safety.

Shortly before 2 o'clock this morning a large number of barges belonging to Jenkins & Co., came down the river from the second pool and struck the Smithfield street bridge, the huge barges turning end over end and breasting the tow boat Barnard, in against the steamer Jacobs. Later the steamer George Wood broke her moorings above the Tenth street bridge and came drifting down the river, but was finally caught and towed to a safe harbor. The ropes that held the half-sunken Cincinnati wharf boat, which the owners have been struggling for twelve hours to save, parted about this time and the lumbersome craft quickly swept away.

A few minutes later a lot of O'Neil's barges and twenty-six pieces belonging to Joseph Walton & Co. were cut from the moorings and carried down stream. Williamsburg, Beckrun, portions of McKeesport, California, Monongahela City, Bellvernon, Brownsville and Fayette City and other towns along the river are reported partly submerged this morning. The water in some places is above the first floor of the houses. At various points along the lines of the Pittsburg, Virginia and Charleston and the Baltimore and Ohio railroad tracks are under water and great difficulty is experienced in running trains.

This morning lock No. 4, a short distance above Monongehela City was carried away by the current. The loss from this will be heavy. The sudden rise is believed to have been caused by a cloud burst which covered a large section of Pennsylvania and West Virginia. Fortunately there was no rise in the Allegheny river.

The correct figures of the loss cannot be given at this time, but it is safe to estimate it at $200,000 and it may reach a great deal more The loss in this vicinity to coal and river men will probably exceed half that amount. About 11 o'clock a saw mill, including all the machinery, passed down the river. It was swept from Belle Vernon, Pa., sixty miles south of this city, and was owned by Captain Cox, who valued it at $7,000.

Grafton, W. Va., reports traffic on the main stem of the B. and I. road suspended. Two tunnels are filled to the top with debris.

The latest estimates of the damage puts the total loss at over a million dollars. Wheeling reports the damage in the vicinity of Grafton, W. Va., at not less than $250,000 and about Fairmount as much more. The loss at Brownsville, Pa., is $125,000 or more. At Rowlesburg at $125,000. In this neighborhood it will exceed $100,000. At McKeesport all the mills ceased and hundreds are homeless and destitute.

A Wheeling dispatch says: "The freshet was the greatest ever known. The destruction to property is beyond computation, but enough is known to warrant the declaration that nearly every house and most of the fencing on all the low lands between that point and Clarksburg, on the west and as far, at least, as Grafton, on the Valley river, are swept away. The water is now falling at the head waters and the worst is over. Since midnight the river at Brownsville has receded five feet. In this city there was twenty-two feet of water at 2 this afternoon and the river is still rising."

POWERS' MURDERER.

A Belief That the Author of an Old Crime Has Been Captured in Terre Haute.

TERRE HAUTE, Ind., July 11.—Yesterday afternoon Superintendent Stout received a telegram from Grant Station, Ind., asking him to come there with several policemen to arrest James Starke, colored, for murder. Last night Stout and other officers arrived with the prisoner in charge.

He is charged with the commission of the mysterious murder of Vandalia Agent Powers, at Marshall, Ill., about two years ago, upon which occasion Powers, the agent and telegraph operator, was shot through the window and killed and the office robbed. The police say they have the man, but decline to make public the evidence at present.

Hung.

WILMINGTON, Del., July 11.—Samuel Freeman, colored, convicted of the crime of rape on a white woman, was hanged here to-day. The execution took place in the jail. Freeman protested his innocence to the last.

TENNESSEE TRAGEDY

Church Services Interrupted by a Murderous Fight—A Father and Son Killed.

KNOXVILLE, Tenn., July 11.—Laurel Fork meeting house, in Whitley county, near Jellico, Tenn., was the scene, Sunday, of a terrible tragedy. It was a collision between the Rose and Fuston clans while services were in progress. A feud had been in existence between Michael Rose and one of the Fuston boys for some time over $5, which the former accused the latter of stealing from him.

A few weeks ago Fuston waylaid Rose and seriously wounded him with a Winchester rifle. Some time after that Rose shot Fuston from ambush, and clipped off one ear. From that time on the feud grew stronger, and last week both parties, backed by a large number of friends on either side, laid in a liberal supply of shotguns and Winchester rifles, and a collision became only a matter of time.

It came Sunday morning, and just as soon as the minister of the little church was announcing his text, a volley of firearms was discharged just outside the doors. The worshippers were thrown into a state of intense excitement and many women fainted. Outside the battle raged fiercely between the two factions, and when the smoke cleared away it was found that Ewell Lawson and his son John, aged thirteen, belonging to the Rose faction, were dead, having been riddled with buckshot, and that three Fuston boys—Tom, Jim and Enos—and John Porter, belonging to the other side, were seriously and perhaps fatally wounded. A dozen others, whose names could not be ascertained, were more or less seriously wounded. Great excitement prevails in the county, and the end is not yet. More trouble is daily expected.

JURY BRIBERY.

A Chicago Man Gets Behind the Prison Bars for That Offense.

CHICAGO, July 11.—For attempted jury bribery Sumner C. Welch, claimant for the Chicago city railway, is sentenced to a term behind the prison bars, while C. B. Holmes, president of the company, and C. M. Hardy, the company's attorney, are recommended to be dealt with by the grand jury.

The judge, in recommending Hardy and Holmes to the grand jury, said enough had been shown to establish a reliable ground for the belief that they have a general knowledge of Welch's crimes and indirectly encouraged him by passive acquiescence to guilt with open eyes or winking at his infamy. The sentence of Welch was only for his contempt of court, and he, with Hardy and Holmes, are liable, if their guilt is formally established before the jury in the regular way, to serve terms of hard labor in the penitentiary.

"A DOSE OF CATNIP TEA."

What Sheridan Shook Said of the Republican Temperance Plank.

DETROIT, July 11.—Gen. Clinton B. Fisk, prohibition candidate for president, says his party will gain 50 per cent. more votes this year than in 1884, in New York, and the additions will come chiefly from the republicans. He says the prohibitionists are very much disgusted with the temperance plank of the Chicago platform.

He says it was submitted to Sheridan Shook, the great New York brewer, before it was adopted, who remarked that he would not object to it, as it was only a pleasant dose of catnip tea. General Fisk says his party will do no mud slinging. Twenty-four hours after Harrison's nomination a man sent General Fisk a scandal about the Indiana senator. General Fisk returned the letter, telling the writer it was not true, and he had no use for the stuff.

Forging Names to a Bond.

WABASH, Ind., July 11.—Baird & Dillon, of Chicago, have a warrant to be issued here for the arrest of D. I. Brady, the brother of Dr. Brady, county clerk, who is charged with forging the names of several relatives to the bond given the firm for whom he was acting as traveling salesman, and intrusted with large amounts of valuable jewelry. The firm was led to investigate Brady's course by his successful attempt to secure a large sum of money, thereby pledging jewelry to the value of $1,400 as security. He represented the jewelry as his own when it belonged to the firm. The Chicago firm now seeks to replevin the goods and secure Brady's arrest, but he has flown.

Queer Dry and Wet Fight.

TOLEDO, July 11.—There is great excitement at Bowling Green, near here. A year ago the town voted for prohibition. Yesterday another election was held. The drys refused to vote and the wets won the day by a vote of 329 to 16. At the meeting of the council last night the wets were defeated by a tie vote. Then a dry councilman, S. L. Boughton tired of the fight, resigned. Now an election has been ordered to fill the vacancy, and the wets will probably win once more.

That's Nice.

LONDON, July 10.—The weather throughout England is abnormally cold. Snow has fallen in the suburbs of London.

JOINED THE RANKS

Of Suicides—A Prominent Cincinnati Man Puts Two Bullets Into His Head and Ends His Life.

CINCINNATI, July 11.—Josiah Wilder, sixty-two years old and a prominent business man, committed suicide this morning at his residence, on College hill. At about 5 o'clock this morning he went out to the barn and fired two shots through the right side of his head. The family heard the shots and he was found dead.

He was an elder in the Presbyterian church, director in the Belmont college and engaged in business as a dealer in agricultural machinery.

He leaves a wife and several children, five of whom are married. The only known cause for the act is an affection of the head, which, while not keeping him from his business, was excruciatingly painful. No doubt he deliberately chose this method of freeing himself from what he deemed incurrble torture.

FREELY GRANTED.

The Sentinel Accedes to the Demands of the Typos for Higher Wages.

July 1, Fort Wayne Typographical Union, No. 78, decreed an increase in the scale of prices paid the printers of Fort Wayne The new scale asks 33⅓ cents per thousand ems for night work, and 30 cents per thousand ems for day work, with a corresponding increase in the salaries of foremen and job printers.

The action of the Union was transmitted to the editor and proprietor of THE SENTINEL, who is in the east. This morning Mr. Hackett wrote home: "Inform the Typographical Union that THE SENTINEL will cheerfully pay the new scale of prices."

This will certainly be pleasant news to the typos, as it insures the success of their just demands, since the other newspapers can not refuse to follow the example of THE SENTINEL.

This journal will also don a new dress in August and be otherwise improved in typographical style, while a new and rapid press is one of the possibilities.

The growth of THE SENTINEL'S subscription list and its healthy advertising patronage and regard for the interests of labor warranted this liberality and expenditure.

THE BOYCOTT

Goes Into Effect at Kansas City Against the "Q" Cars.

KANSAS CITY, July 11.—At 12 o'clock the boycott against the Burlington cars was put into effect by switchmen of this place.

The Wabash and Chicago and Alton officials notified the Burlington company that they would continue to receive cars as usual.

As no switching has been done at this hour, the result is still in doubt. The Burlington has a full complement of switchmen at work.

Texas Cattle Fever.

WARSAW, Ind., July 11.—Farmers along the line of the Lake Erie and Western railroad are greatly alarmed over the appearance among their cattle of the dreaded Texas fever. A car-load of Texas cattle passed over the road a few days since and several of the animals died en route and were buried in Tipton county. The infection appears to have caught and is rapidly spreading. In one neighborhood near Tipton ten head of valuable cattle have since died, and a similar disease has since made its appearance among the cows of Kokomo. Farmers fear the scourge will become general.

The Iowa Liquor Law.

BURLINGTON, Ia., July 11.—A saloon keeper, who was enjoined from carrying on the traffic, but who appealed to the United States supreme court and continued business, has been arraigned for contempt. Judge Phelps decided that the injunction was operative, pending an appeal to the United States supreme court.

A Narrow Escape.

WAYNETOWN, July 11.—Yesterday as Henry Clayton and George Ludrie were crossing a bridge it suddenly gave way, precipitating horses and buggy into the ravine below, mangling one horse so that he will die and smashing the buggy to pieces. The men only saved their lives by leaping from the vehicle as it plunged into the chasm.

Republican Meeting.

NEW YORK, July 11.—The republican national committee held a brief session and took a recess, having appointed a committee of nine to report a plan of organization and one for candidates for permanent officers, etc.

Editorial Convention.

CINCINNATI, July 11.—The executive committee of the National Editorial association is in session here, to fix the date for the next annual meeting, which will be held at San Antonia, and to prepare the program.

PAY UP.

Only Seventy-five Dollars a Day for a Room for the Ohio Deligation at Chicago.

CLEVELAND, Ohio, July 11.—Mr. M. A. Hanna, John Sherman's chief lieutenant at Chicago, has sent out the following letter to each of the delegates from Ohio to the recent national republican convention:

"CLEVELAND, Ohio, June 29, 1888.

"DEAR SIR:—In connection with Mr. Conger, member of the national committee, I assumed the responsibility of securing the room occupied by the Ohio delegates at the Grand Pacific hotel in Chicago during the convention.

"The price of that room was $75 per day, and, owing to the protracted term of the convention, the bill has been rendered to me amounting to $725. Four years ago, under similar circumstances, a meeting was called of the delegates and an assessment made to cover the cost of their headquarters. As that was not done in this instance, I will have to depend upon each individual to remit to me the amount of his assessment, which will be $15. M. A. HANNA."

RAILROAD APPROPRIATIONS.

The Sums and Favors Voted to Some of the Fort Wayne Lines in Past Years.

FORT WAYNE, IND., July 10, 1888.

To the Editor of the Sentinel.

Will you please inform an anxious public whether or not the Ohio and Indiana railroad, which merged into the Pittsburg, Fort Wayne and Chicago railroad, received a donation of $100,000 from Allen county upon certain conditions, and oblige.

NEW R. R. SHOP ADVOCATE.

The city of Fort Wayne subscribed $100,000 to the stock of the Ohio and Indiana railroad and received bonds for the amount. These bonds were sold to Judge Samuel Hanna for sixty-five cents on the dollar. In a short time the state roads were merged into what is known as the Pittsburg, Fort Wayne and Chicago, road and Judge Hanna realised handsomely from his investment.

The Fort Wayne, Jackson and Saginaw road was voted $100,000.

The city subscribed $100,000 to the stock of the Grand Rapids and Indiana road and still holds it.

The city voted $100,000 to the Fort Wayne, Richmond and Cincinnati road, and the bonds were strangely hypothecated.

The city gave the Wabash company $35,000 cash and $15,000 worth of land.

Of all these lines the Pittsburg and Fort Wayne road has done the most for the city of Fort Wayne, but as it controls and enabled the Grand Rapids and Richmond railroad companies to cheat the city out of the taxes and shop facilities that should accrue from them if they came into town on their own lines, it is fair to presume that, that great corporation can stand its share of the tax for the proposed new railroad.

Fort Wayne has done handsomely by many railroads, save the Nickel Plate line, and if any should have relief it is entitled to its measure.

JUST DELIGHTFUL.

An Excursion to the Seaside That Hits That Expression Exactly.

Mr. S. A. Wikel, general passenger agent of the Muncie line, has a rare treat in store for tourists; it is an excursion to the seaside, the Cincinnati exposition and a hundred points of interest between us and the ocean. The trip is to Old Point Comfort.

The train will leave here for Cincinnati via the Fort Wayne, Cincinnati and Louisville railway, at 10 a. m. July 17th, going directly through to Point Comfort. This will not be an excursion train, but the regular train with chair, sleeping and observation cars attached, so that there will be no crowd and all passengers can go through with the utmost ease and comfort. The Virginia mountain scenery, the Alleghany and the Blue Ridge valleys, through which this road passes, is equal to the Hudson river scenery, and must be seene to be appreciated. When you arrive at Point Comfort you are but nine miles from Newport News, which stands at the head of American sea-side resorts. Fortress Monroe, Norfork and Portsmouth are but a short distance away.

The best fishing grounds upon the Atlantic coast are close at hand. You are in sight of Hampton Roads, the historical spot where the Monitor and Merrimac engaged in combat for the supremacy of water going vessels in times of war. Richmond and White Springs are conveniently accessible, and for delightful side trips by rail or steamer, Washington, Baltimore and Richmond can be reached very cheaply and the travel will be very pleasant, especially by the Chesapeake bay, Potomac river and the New York and Boston steamships. This is just the kind of an excursion to take to have a glorious time without being at a heavy expense.

Democratic Senatorial Nomination.

LOGANSPORT, Ind., July 11.—At the senatorial convention of Carroll, White and Pulaski counties, convened at Winamac yesterday, Dr. Henry W. Thompson was nominated for senator from that district. Dr. Thompson is a democrat of sterling worth, and it is claimed that his election is assured.

DEATH IN FLAMES.

A Buffalo Livery Stable Destroyed by Fire and Two Employes are Burned to Death.

BUFFALO, N. Y., July 11.—The livery stable of H. C. Springer was entirely destroyed by fire this morning. Two employes, James Burkhardt and Richard Brennan, were burned to death. The loss is estimated at $30,000, with $10,000 insurance.

IN GAY COLORS.

The Patriarchs of America Assemble in National Council—Their Reception This Morning.

The Patriarchal Circle of the United States met in annual convention in this city this morning.

Last night the circles and delegates arrived on every train, and this morning the ranks were swelled by fresh forces and new swords. Full temples are present from Defiance, Bloomington, Englewood, Milwaukee, Chicago, Columbus and Waukesha.

The temples at St. Paul, Des Moines, Minneapolis, Creston, Rochester, Grand Rapids, Boston, Michigan City and Elkhart are largely represented and fully 600 strangers are our guests.

Their music is provided by five bands and they are all good ones.

The reception this morning was the order of the program and before 9 o'clock the knightly Patriarchs formed in procession at the Wayne hotel and marched in a great fashion to the Temple opera house, the scene of festivities.

The city band gave the overture and Rev. S. A. Northrop, of the Baptist church, invoked divine blessing.

Hon. C. A. Muhler, the mayor, welcomed the Patriarchs to Fort Wayne and tendered them the freedom of the city in a handsome speech.

Mr. Samuel A. Flagler, supreme oracle of the circle, from Ottumwa, Iowa, responded to the words of welcome for the order and did so with much eloquence and knightly courtesy.

Mr. Martin T. Kreuger, the supreme treasurer, from Michigan City, made a very happy speech, in the course of which he outlined the aims and purposes the Patriarchal Circle in contrast with rival orders and the churches. He gave the circle a record of sublime simplicity that won for him frequent applause. After a selection by the Milwaukee band, Rev. Northrop made a brief address in his pleasant way and pronounced the benediction.

The Supreme Temple met in eighth annual session after the reception at the Temple and listened to the report of Samuel E. Flagler, the supreme oracle. Mr. Flagler complimented the circle on its growth and pronounced the progress of the year phenomenal. He eulogized the devotion of the Patriarchs and predicted a brilliant future for the order.

This afternoon, too late for extended notice, the Patriarchs indulged in their annual dress parade and made an elegant appearance in their handsome uniforms and rich plumes.

The inspection is in progress at the Hamilton fields by Supreme Commander W. W. Bernard and his staff.

The business session to-night has been abandoned, to give place to a lecture to be delivered at the Temple opera house, by Rev. B. M. Shutter, of Minneapolis, an eloquent divine and a class mate of our brilliant minister, Rev. S. A. Northrop.

The program to-morrow and the day after is as follows:

THURSDAY, JULY 12.

9:00 a. m.—Session of Supreme Temple.

2:30 p. m.—Competitive drill at fair grounds.

7:00 p. m.—Session of Supreme Temple.

9:00 p. m.—Grand ball at the Princess rink.

FRIDAY, JULLY 13.

9:00 a. m.—Session of Supreme Temple.

2:00 p. m.—Session of Supreme Temple.

7:00 p. m.—Session of Supreme Temple.

Excursion Rates to the Blaine Circus.

NEW YORK, July 11.—The passenger committee on the trunk lines established special rates on the various roads to this city for the occasion of the arrival here of James G. Blaine. Blaine is expected here July 27. All clubs of twenty or over will be carried to this city on any of the roads at the rate of one fare for the round trip. Tickets will be good for three days.

She Tried and Knows.

A leading chemist of New York says: "No plasters of such merit as the Ath-lo-pho-ros Plasters have ever before been produced." They are a novelty because they are not made simply to sell cheap, they are the best that science, skill and money can produce, and will do what is claimed for them. For sprains, aches, weakness, lameness, etc., they are unequaled.

NATIONAL PROHIBITION.

Favorable Report to Submit to the People a Constitutional Amendment to Prohibit Liquor Traffic.

WASHINGTON, D. C., July 11.—The proposition to submit to the people of the several states a constitutional amendment to prohibit the Liquor traffic in the United States, was favorably reported by Senator Blair to-day from the committee on education. The report accompanying the bill says: "There are members of the committee who concur in the report recommending the submission of the proposed amendment to the states who do not by such action indicate the approval of the adoption of the amendment as a part of the constitution, nor that they would themselves advocate its ratification by the lesislatures of the states."

After stating that a majority of the committee thinks that a refusal to submit the proposed amendment to the states for ratification would be analogous to the denial of the right of a party to be heard in court upon a question of private rights, the report continues: "The agitation for national legislation for the extirpation of the traffic in alcoholic poison made and sold to be used as a beverage will never cease to disturb and finally destroy the great political parties until they submit to the states the question of the enlargement of the national constitutional jurisdiction so as to include control of the subject.

When decided, if adversely to the ratification, the subject will be eliminated from national politics at least for many years. If on the other hand the proposed amendment should be ratified and become a part of the national law, the chief curse of the world would be summoned to the block of national justice and die by the hand of the only power which can yield an ax big and sharp enough to cut off its hydrahead. Then we shall have peace. But agitation for the destruction of the liquor traffic can not cease until the evils which it inflicts upon mankind are removed or the human race is destroyed. It is useless to cry peace, peace when there is no peace."

Spreading Out.

Logansport Pharos.

Mr. P. A. Randall and Mr. Hilton, of Fort Wayne, came to the city to-day to look after the electric light system. These gentlemen are connected with the Jenney company at that place, the former as vice president, and the latter as superintendent of the works. The *Pharos* learns that they contracted while here for two boilers, each 100 horse power, to be placed in the electric light house in this city. Another engine will also be furnished the Logansport company, and it will be used in providing power for the incandescent system which is soon to be introduced here. With these improvements the light company will be able to give their patrons a better service than has ever been furnished in the past. At present the city is poorly lighted, but when all the changes contemplated are in force there will be no cause for complaint.

A Card.

Some time ago Mayor Muhler issued a proclamation ordering all dogs to be muzzled or killed. The people and police take as much notice of this proclamation as they do all others, as not one dog out of ten are muzzled. If ordinances are not to be enforced why make them? A CITIZEN.

He Was Qualified.

Dissatisfied Colonel—I expected, Captain, that the General would send me men of experience for this expedition. I wanted an officer to lead men who have seen service. I dare say you never led anything?

Captain—I led the german last summer at Newport.—*Life.*

STORIES OF POVERTY.

Pleas of Railroad Representatives For a Lower Rate of Tax Assessment.

Stories of the piteable impoverishment of Indiana's great railroad corporations were told with much candor and pathos by representatives of several companies at the session of the state board of equalization yesterday.

Judge Williamson, representing the Nickel Plate, in his plea said the road's territory was new, the towns along the line are all small, and there is nothing of substantial value in the possession of the company, except the right of way through Fort Wayne. The road could be built for $10,000 a mile. The business in Indiana is carried at greater expense than in any other state, and he thought that some concessions should be made in the matter of lower assessments.

R. C. Bell stated for the White Water road, which runs from Hagerstown to Harrison, that its gross earnings last year were $95,000 and the expenses $90,000, which was enough to show that it could not stand much of an assessment. In speaking for the Fort Wayne, Cincinnati and Louisville, Mr. Bell said that it has barely been able to pay $7,000 a year of interest on the bonded indebtedness, and that the stockholders realize nothing.

John H. Baker appeared for the Lake Shore and Michigan Southern. The assessment on its main line, he said, was pretty near fair, but on the Fort Wayne branch it was too high.

ADDITIONAL LOCAL.

Mr. A. T. Lukens has returned to the city to reside.

Mr. Bob Learmoth, official stenographer to Superintendent C. D. Law, leaves this evening on his summer tour. He will rusticate at Conneaut Lake, in Pennsylvania.

Superintendent and Mrs. C. D. Law with their children are at Asbury Park, N. J. Mr. C. R. Higgins looks after the destinies of the Pittsburg and Fort Wayne road in the absence of Mr. Law.

The Louisiana lottery was drawn yesterday. Following are the numbers of the tickets winning, the eleven principal prizes: 35,567, 53,469, 47,843, 88,959, 81,797, 98,703, 78,443, 60,711, 93,902, 64,941, 66,124.

It was remarked by a passenger that came in on Wabash train No. 46 yesterday, that he never saw such care taken by a road to prevent accidents. At every point where a washout or land slide seemed possible, a man was stationed, and when the track was submerged, as it was in some cases, men waded along in front of the engine to be assured that the track was in secure condition.

The St. Paul M. E. church fair is now progressing nicely. There was a very large attendance last night, and candidates for watches, sewing machines, canes, etc., were busily engaged in soliciting votes. Miss May Mowrer for a watch and Mr. Charles Shafer for a gold headed cane are very popular candidates. So far the weather has been very unfavorable, but the attendance is large whenever the weather permits. The fair will continue this week and next, and an enjoyable time is assured to those who attend.

For Indiana there are six bills on the calendar in the house ready to be passed. One is for a hundred thousand dollar building at Evansville, one for $40,000 for Madison, one for a fifty thousand dollar building at Logansport and one for a sixty thousand dollar building at Richmond. The committee has yet four bills for Indiana which have not been reported. One is for a fifty thousand dollar building at Jeffersonville, and the three others are for Vincennes, Lafayette and South Bend, each providing for the erection of seventy-five thousand dollar buildings.

The *Journal* struck a moral vein this morning and wants to know why Walter Burnham was not executed yesterday for cutting Billy Eaton with a knife, Mr. Eaton, the injured party, absolutely refused to prosecute Mr. Burnham and it was on the evidence of Chief Diehl and the police officers that Mayor Muhler imposed a fine on Burnham. It may have been a handsome thing for Mr. Eaton to have knocked Charley Turner down, because Mr. Turner, once upon a time, had the temerity to assault a journalist, but it will hardly do to hold Mr. Burnham up for public execration, while Mr Eaton, who was previously the principal in a brutal dog fight and a saloon row, is not only excused, but a partial press omit his name for courtesy sake. Such one sided morality is positively disgusting. Both parties to the fight are equally blamable and responsible.

He Did Not Wait Till To-morrow.

Three-year-old Ralph, who had been eating grapes, begged for another bunch which he saw on the buffet. "No," said his mamma, "you have had plenty this morning. I will give you that bunch to-morrow."

Half an hour after he appeared with his lips suspiciously stained. "Ralph," asked his mother, gravely, "how did those stains come on your lips?"

"Mamma," he replied, quite as gravely, "they are from the grapes I am going to eat to-morrow."—*Harper's Bazar.*

A Good Appetite

Is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

BE polite, prompt, decisive, civil, and obliging to all your customers, and see that your clerks do likewise.

To most children, the bare suggestion of a dose of castor oil is nauseating. When physic is necessary for the little ones use Ayer's Cathartic Pills. They are safe and pleasant to take. Try them.

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and Hood's Sarsaparilla is worthy your confidence. It is peculiar in that it strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. Give it a trial.

Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As a laxative, alterative, or purgative, these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of the Pellets over so great a variety of diseases, it may truthfully be said that their action on the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, 25 cents a vial. Manufactured at the Chemical Laboratory of WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "cold in the head," Coryza, and Catarrhal Headache. Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of Ithaca, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., 2nd Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, Runyan P. O., Columbia Co., Pa., says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

Luxuriant Hair

Can only be preserved by keeping the scalp clean, cool, and free from dandruff, and the body in a healthful condition. The great popularity of **Ayer's Hair Vigor** is due to the fact that it cleanses the scalp, promotes the growth of the hair, prevents it from falling out, and gives it that soft and silky gloss so essential to perfect beauty.

Frederick Hardy, of Roxbury, Mass., a gentleman fifty years of age, was fast losing his hair, and what remained was growing gray. After trying various dressings with no effect, he commenced the use of Ayer's Hair Vigor. "It stopped the falling out," he writes; "and, to my great surprise, converted my white hair (without staining the scalp) to *the same shade of brown* it had when I was 25 years of age."

Ten Years Younger.

Mrs. Mary Montgomery, of Boston, writes: "For years, I was compelled to wear a dress cap to conceal a bald spot on the crown of my head; but now I gladly lay the cap aside, for your Hair Vigor is bringing out a new growth. I could hardly trust my senses when I first found my hair growing; but there it is, and I am delighted. *I look ten years younger.*"

A similar result attended the use of Ayer's Hair Vigor by Mrs. O. O. Prescott, of Charlestown, Mass., Miss Bessie H. Bedloe, of Burlington, Vt., Mrs. J. J. Burton, of Bangor, Me., and numerous others.

The loss of hair may be owing to impurity of the blood or derangement of the stomach and liver, in which case, a course of **Ayer's Sarsaparilla** or of **Ayer's Pills,** in connection with the **Vigor,** may be necessary to give health and tone to all the functions of the body. At the same time, it cannot be too strongly urged that none of these remedies can do much good without a persevering trial and strict attention to cleanly and temperate habits.

REPORT OF COMMITTEE ON SEWERS.

We, the committee on sewers make the following report:

1. We have awarded the contract to Joseph Derheimer for constructing an 18-inch sewer in the alley between Hamilton street and Masterson street, from Clinton street to the first alley west of Lafayette street.

2. We have awarded the contract to Joseph Derheimer for constructing a 15-inch sewer in the first alley west of Lafayette street, from the alley between Hamilton street and Masterson street to the center of lot No. 35, Hamilton's second addition.

3. We have awarded the contract to Joseph Derheimer for 12-inch sewer in the alley between Hamilton street and Murray street, from the first alley west of Lafayette street to Barr street.

4. We have awarded the contract to Joseph Derheimer for constructing a sand pit on the southeast corner of Williams street and Clinton street.

5. In favor of the ordinance to construct a 15-inch sewer in the alley between Butler street and DeWald street, from Webster street to the first alley west of Calhoun street.

6. In favor of the ordinance to construct a 12-inch sewer in the alley between Calhoun street and Harrison street, from Butler street to DeWald street.

7. In reference to section 17, of the city civil engineer and inspector's report in regard to constructing a sewer in the alley between Wayne street and Washington street, we report in favor of said sewer being constructed before said alley is improved.

8. In favor of the petition of D. Klotz and others for a sewer. We have instructed the city civil engineer to prepare the proper ordinance as prayed for in said petition.

9. In favor of the resolution of Councilman Ely for a sand pit on the northeast corner of Ewing street and Pearl street.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

We, your committee on streets and alleys respectfully report:

1. The contract of John McCann to grade and pave the sidewalk on the west side of Calhoun street, bordering on lot No. 1, Wilt's addition.

2. The contract of John McCann to grade and pave the sidewalks on the south side of Archer avenue

3. Reject the bids for sidewalks on the south side of Burgess street, as the street is not practically opened.

4. Reject the bids on the west side of Smith street for the reason that we received one proposal without figures added to it and the committee instructed to re-advertise.

5. Reject the bids for sidewalks on both sides of Lillie street, for the reason that the proposal was drawn up improperly and the committee instructed to re-advertise,

6. In favor of resolution of Councilman Haiber to grade and pave with brick the sidewalks on the south side of Third street, as per resolution

7. Adverse to resolution of Councilman Haiber to grade and pave with brick the sidewalks on the north side of High street.

8. In relation to the resolution of Councilman Ely asking for a stone crossing, we have instructed the street commissioner to preform the same as soon as he can get the material.

9. Adverse to resolution of Councilman Ely to open Ewing street, as the people in that vicinity have just been assessed for the widening of Brackenridge street and it would be too burdensome to saddle another street on them, which would be of no benefit to anyone.

10. In reference to the resolution of Councilman Scheid asking for street crossings on the corner of Smith and Grant streets, would say that there is four good crossings, therefore no new ones are necessary.

11. In relation to resolution of Councilman Read asking to repair cobble stone gutter on Harrison street, the work is already performed.

12. Adverse to the petition of W. G. Stahl and others to build brick sidewalk on the west side of Lafayette street, as there is no house on that side of the street.

13. Adverse to the resolution of Councilman Ely to build sidewalk on the north side of Wayne street, as it is already done.

14. In favor of resolution of Councilman Ely to grade and pave with brick the sidewalks on the nort side of Berry street, as per resolution.

15. In favor of resolution of Councilman Wessell to grade and pave with brick the sidewalks on north side of Samuel street as per resolution.

16. In relation to section 5 of the street commissioner's report of June 12th, we find a pool of water as reported, which was caused by the breaking down of an old wooden sewer which has been built for many years since and the same is running through private property at a distance of about 350 feet, which would make it very expensive and difficult for the city to rebuild. The only possible way to get rid of the water would be to have an alley sewer constructed. We therefore recommend the same.

17. In reference to section 3 of the street commissioner's report stating that the east side of Calhoun street, between Berry and Main, should be taken up and relaid, we find the same necessary and recommend the same should be done, but at the expense of the water works department, as they had it torn up to lay water mains and never put it back as the ordinance requires them to do, or any person who tears up a part of any street.

18. In favor of the approval of the plat of Mrs Bridget Corcoran, as we find the same to conform with all requirements

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We, the committee on streets with city attorney, to whom was referred certain matters respectfully report:

1. In the matter of the petition of J. B. Williams and others submitting a plat of Archer and Sinclair's subdivision of Ewing's out lot 13, we report that we have carefully examined said plat with reference to the streets and alleys and recommend that the same be approved.

2. With reference to the petition of the school trustees of the city and Anna Lauer asking for the vacation of the alley five feet in width, lying between lots 127 and 128 old plat, we recommend that the city commissioners be called out for the purpose of vacating the same upon the petitioners causing the proper notices to be served and depositing with the city treasurer the amount of the expenses occasioned thereby.

REPORT OF SPECIAL COMMITTEE ON WATER WORKS.

The special committee appointed to visit Hamilton and Dayton, or other cities where they were using a water supply from wells, would report that at Hamilton we found they were obtaining an abundant supply of pure water from pipe wells that had been sunk in their water basin, about twenty in number These wells flow into a well located in their pumping house directly under the engine. The supply of water afforded by their basin, which we thought to be very good, had been abandoned because the water was warm in the summer and did not suit the consumers. The wells at Hamilton were sunk by steam power, according to the Wagner system. We found the water works system at Hamilton a most perfect.

At Dayton water is supplied in a like manner from pipe wells sunk on the bed of the river, which are connected and flow into a pumping well at the pumping house. They have also an abundant supply of pure, cold water.

At Dayton we consulted with Stimson & Co. who constructed their well system, contracted with them to construct one or more wells at the following figures:

8-in $3 per foot for the first well cost, $2 63.00
6-inch $2.55 per foot for the second well cost $169.98.
6-inch $2.55 per foot for the third well, cost not finished.

The first eight inch pipe well in the north end of our basin is successful and will yield 120,00 gallons of water in 24 hours. The second well was located near the feeder aqueduct, and there no gravel was found and no flowing water. The pipe of the third well is now down about fifty feet, and has gone through the finest quality of water bearing gravel the whole distance with abundance of water. We hope for success with this well when we reach the rock, for the contractors say the indications are as favorable as any they have ever seen.

After our return the mayor and a majority of the council met together at the water works office and authorized the trustees to make a contract with Stimson & Co. for one or more experimental wells for the purpose of thoroughly testing the question of securing a supply of water in a manner similar to that in use at Hamilton and Dayton,

HENRY C. BERGHOFF, City Treasurer.

Referred to committee on finance.

REPORT OF CITY ATTORNEY

I respectfully report as follows:

1. I have had my attention called to the two reports of the city treasurer, relating in the one case to the proposed opening of Samuel street and in the other to the proposed opening of an alley between Baker and Chicago streets. I find upon consulting the treasurer that in both cases, or rather each case, collections of benefits have been made sufficient to pay all damages assessed. Now, if the council orders the treasurer to pay all damages assessed to real estate owners affected by such opening and pass the ordinance prepared, the council can after the payment or tender of the damages, instruct the street commissioner to remove all obstructions and, as a matter of fact, open said proposed highways

2. I now notify the council that Mr. William Fleming, a tax payer of said city, has began an action to enjoin the board of water works trustees from collecting any further rents for water for the following six months on the ground that for the first six months of the year the board collected from consumers more than enough to pay the expenses of managing and operating the works for a year. The board has employed counsel to sustain its action. The board, for the purpose of affecting Mr. Fleming's suit, sought to exhaust its surplus by making an illegal and void appropriation of over ten thousand dollars, which was in the water works fund. This money can only be expended under contracts first ratified by the council and for the board to undertake beforehand to say what purposes it shall be expended for is beyond its authority. I recommend that this council, by the passage of a proper resolution, promptly dissent from the action of the board in this undertaking to reduce a surplus.

3. In the matter of the opening of Gay street through lot 41 Eliza Hanna, sr., addition, I respectfully report that it is not lot 41, but lot 155 in said addition that has not been opened. I have prepared the proper resolution to have the matter referred to the street, committee, which is a jurisdictional requirement. Pending the committee's report I will examine and discover as to whether or not the obstruction of lot 155 is not a violation of the statute making it an offense to obstruct a public highway.

HENRY COLERICK, City Attorney.

Sections 1 and 3 concurred in and section 2 referred to the mayor and committe on finance.

REPORT OF MAYOR AND CITY ATTORNEY.

We, the mayor and city attorney, to whom was referred divers matters, respectfully report as follows:

1. In the matter of the petition and report of the school trustees relating to the purchase of certain lots for new building and the title thereto, we report that we find the title by abstract delivered us, all right except the county and city taxes for 1887 and 1888, payable 1888 and 1889. We find an apparent lein in favor of the state bank executed in 1839, but this can be no lien for divers reasons, but principally because after the taking of the mortgage the bank became the owner of the land and conveyed it, thus wiping out the mortgage. We requested the trustees to except from the deed the stipulation for per school purposes, which has been done. We therefore recommend that the action of said trustees as well as said contract of purchase, be, by this council, approved.

2. In the matter of contract of Geake Bros., for paving with flagstone the west sidewalks of Calhoun street, we report that Messrs. Geake are willing to complete all sidewalks that may be ready for such completion by August 1st, 1888. If those owners of lots having telegraph poles upon sidewalks fronting the lots will take the proper steps and have such poles removed to the street all the sidewalks can be finished within thirty days. The Telegraph company will remove the poles whenever the property holder will be be willing to sign an agreement that the compay waives no legal right thereby, and the property holder may insist in such agreement that the company acquires no new or greater right thereby. Nearly all the property holders have agreed to such temporary removal. Messrs. Geake will not complete any sidewalks not ready by such date and we know of no way of compelling them so to do.

3. In the matter of the making of contract with Hattersley & Sons for piping for Hayden and North Side parks, we report that in accordance with the instructions of the council we closed said contract,

CHAS. F. MUHLER, Mayor.
HENRY COLERICK, City Attorney.

Sections 1 and 3 concurred in. Section 2 referred to mayor and attorney to interview the property owners relative to the matter.

REPORT OF TRUSTEES OF WATER WORKS.

In reply to a resolution of Councilman Read, adopted June 26th, the trustees of the water works would report: That pipes ought to be laid on the following named streets and that petitions for many of these lines have been presented to your honorable body and to this board. Some of these lines are particularly important on account of rapid and valuable improvements during the past few years. This is particularly the case on East Lewis street, where many beautiful homes have recently been built. Also in portions of the Sixth, Seventh and Ninth wards, a great many houses have been built and the people need a supply of water. An approximate estimate of the cost of these lines is $26,084.00 and the cost of each line is herewith given as nearly as it can be figured.

A new pumping engine is needed (for if one Holly engine that has run continually for nearly nine years should give out,) we have no pump that could keep up the supply needed at the present time. An engine will cost in the neighborhood of $30,000.

It will cost perhaps $16,000 to complete the reservoir, which is gradually being destroyed by the weather, because of its unfinished condition.

Therefore, in our opinion, $75,000 could be well expended in the completion and extension of the water works system. Hertofore all the pipe extensions amounting to over six miles have been made from surplus revenues and the water rates were not higher than in other cities, but at the rates first adopted by the board in comformity with an expressed desire of the council, there will not be any surplus revenue over the amount repuired for repairs.

CHRISTIAN BOSSLER, HENRY MONNING, C. MCCULLOCH, } Trustees.

Fortify the system, by the use of Ayer's Sarsaparilla, against the diseases peculiar to hot weather. This medicine induces a healthy action of the stomach, liver, and kidneys, causing them to prevent the accumulation of the poisons which produce disease.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. EVERY NIGHT I SCRATCHED

Until the Skin was raw. Body Covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

The disbursements for wages on the western division of the Pittsburg road for June amounted to $170,000.

D. W. Harding, formerly of the Pittsburg shops in this city, is now a railread engineer at Denver, Colorado.

J. C. Cothrell and L. Hiser, firemen on the Grand Rapids road, have been promoted to the position of engineers.

B. B. Renfew, formerly a machinist in the Pittsburg shops, left this morning for Chicago, where he has accepted a position.

The game between the regular nine and the clerks from the Pittsburg railroad will be played next Saturday at the fair grounds.

There was an immense crowd at the south depot last evening when the visiting delegations of the Patriarchal Circle arrived in the city.

William Wurtle, of the Pittsburg blacksmith shop, is off duty attending the conclave of the Patriarchal Circle, of which he is a member.

James Trythall, of the Pittsburg blacksmith shops, has been off duty for a few days on account of an attack of inflammatory rheumatism.

He will embark from New York on the steamer Conard, the fastest on the line, about the 14th. He will take in Queenstown, Dublin and Belfast, and then go into the country and see his Irish lassie. Martin will leave scores of friends behind as he is a young man who is universally respected by all his shop mates and many will be the "God speeds" when he takes his leave.

The Pittsburg, the Grand Rapids and the Nickel Plate railroads each have resorts to which excursion parties can be taken from this city for the purpose of spending the day. With Warsaw and Rome City, the resorts reached by the Pittsburg and Grand Rapids, Fort Wayne pleasure seekers are well acquainted, but with Lake Maxinkuckee, the resort offered by the Nickel Plate, the people are comparative strangers. It is said however, by those who have been there, to be a grand place and equally as attractive as either of its rivals. It is unfortunate that this city has not a summer resort of its own which would bring people here instead of taking them away, but with the resorts in convenient reaching distance, it is certainly well supplied and if the city is the loser by it, we have the consolation of knowing that they inure to the benefit of our railroads, in all of which we have an interest.

Shot Her Niece.

TERRE HAUTE, July 11.—Mrs. Samuel Jenking fatally shot her niece, Miss Debaum, at Durkee's Ferry, a few miles north of this city, Monday afternoon. The affair is the outcome of a feud of long standing. Miss Debaum died two hours after the shooting. Mrs. Jenkins and husband came to the city and gave themselves up, claiming that the shooting was done in self defense.

Naptha Explodes.

CHICAGO, July 11.—Last evening an explosion of a naptha tank occurred in the paint and oil works of D. Armstrong & Co., 107 Fulton street, and burned also the oleomargarine factory of J. J. Murray & Co., adjoining. One man was killed in the explosion. Loss, $82,000; insurance, small.

Killed Him Accidentally.

GOSHEN, July 11.—At Nappanee yesterday afternoon while out hunting, William Weitzell accidentally shot Edward Tobias through the head and instantly killed him. They had become separated, and Weitzel, seeing Tobias' hat above a bush, and supposing it was some kind of game, fired. When he saw what he had done he hastened to town, without approaching his victim, and gave the alarm.

A Big Fire.

PATERSON, N. J., July 11.—A large fire in the business block opposite the Erie railway depot broke out yesterday. Escape by the ordinary ways was soon cut off and a number jumped from the windows and escaped with but slight injuries. It is reported that several lost their lives.

The Newspaper Side of Literature.

A long editorial on the "Newspaper Side of Literature," concludes as follows: "Nothwithstanding all the evil tendencies of current journalism—the disregard of accuracy, the irreverence, the cruel and impertinent gossip—there are indications which are highly encouraging.

"The fact must be recognized that not all the successful methods of the immense dailies are bad methods. There is a certain thoroughness and enterprise about them that impresses, and which will be a feature of the management of the ideal 'newspaper of the future.' We notice, also, a tendency in some of the most sensational of these papers towards better things—towards a certain legitimate 'sensationalism.' Manners and methods have been modified under an increasing sense of responsibility and in the endeavor to reach a solid as well as numerous circulation. We have spoken recently of the growing independence of the political press, of which independence examples accumulate. The sensational newspaper's editorial paganism often shows a gravity and gift of style evidencing ability and conscience. There is a growing tendency towards the fearless, generous, and public-spirited discussion of living questions. Let us hope that these signs indicate a reaction against a state of things that is deprecated by the best men engaged in the profession of daily journalism.

"With all its faults the newspaper of to-day is a tremendous power for good; for the perpetuation of freedom; for the criticism and reform of government; for the betterment of social conditions. The daily press has reformed many things, and ought to be, and is, fully able to reform itself."—*The Century.*

THE best market on the continent of Europe is said to be at Berlin. Fish are sold from vats, and are kept alive. There is every variety of game and domestic fowl to be had within a thousand miles, and steers, veal calves, lambs and other animals are dressed complete—their heads and tails being skinned and kept intact on their trunks.

THE MARKETS.

NEW YORK, July 11.—The stock market was decidedly active and strong at the opening this morning, first prices showing advances from ⅛@¼ per cent. The market was active but feverish in early trading, and toward the end of an hour the market became weaker and reacted a fraction and at 11 o'clock was still active, but heavy, at small fractions better than opening figures.

NEW YORK, July 11.—Money, easy, at 1@1½ per cent. Bonds $1.27½, $1.27½ and $1.19.

ON A RAMPAGE!

The Monongahela River, in Pennsylvania, Overflows Its Banks and Carries Destruction in Its Wake.

PITTSBURG, July 11.—The freshet in the Monongahela river is almost unprecedented and great damage has been done to the river crafts and property all along the river from the head waters to this city. The suddenness of the rise of the water took the river men entirely unawares. Millions and feet of lumber, scores of coal crafts, fences, out-houses and coal tipples, have been floating down the swift current for the last eighteen hours.

The river at this point is still rising, with twenty-one feet and nine inches on the marks at 9 o'clock, but is reported as stationary with forty-five feet at Greensboro, a hundred miles above this city. At every point between Greensboro and Pittsburg the low lands are under water and the residents are compelled to live in the upper stories of their houses and in some cases seek the hills for safety.

Shortly before 2 o'clock this morning a large number of barges belonging to Jenkins & Co., came down the river from the second pool and struck the Smithfield street bridge, the huge barges turning end over end and breaking the tow boat Barnard, in against the steamer Jacobs. Later the steamer George Wood broke her moorings above the Tenth street bridge and came drifting down the river, but was finally caught and towed to a safe harbor. The ropes that held the half-sunken Cincinnati wharf boat, which the owners have been struggling for twelve hours to save, parted about this time and the lumbermens craft quickly swept away.

A few minutes later a lot of O'Neil's barges and twenty-six pieces belonging to Joseph Walton & Co. were cut from the moorings and carried down stream.

Williamsburg, Beckrun, portions of McKeesport, California, Monongahela City, Beltvernon, Brownsville and Fayette City and other towns along the river are reported nearly submerged this morning. The water in some places is above the first floor of the houses. At various points along the lines of the Pittsburg, Virginia and Charleston and the Baltimore and Ohio railroad tracks are under water and great difficulty is experienced in running trains.

The morning look No. 4, a short distance above Monongahela City was carried away by the current. The loss from this will be heavy. The sudden rise is believed to have been caused by a cloud burst which covered a large section of Pennsylvania and West Virginia. Fortunately there was no rise in the Allegheny river.

The correct figures of the loss cannot be given at this time, but it is safe to estimate it at $200,000 and it may reach a great deal more The loss in this vicinity to coal and river men will probably exceed half that amount. About 11 o'clock a saw mill, including all the machinery, passed down the river. It was swept from Belle Vernon, Pa., sixty miles south of this city, and was owned by Captain Cox, who valued it at $7,000.

Grafton, W. Va., reports traffic on the main stem of the B. and O. road suspended. Two tunnels are filled to the top with debris.

The latest estimates of the damage puts the total loss at over a million dollars. Wheeling reports the damage in the vicinity of Grafton, W. Va., at not less than $250,000 and about Fairmount as much more. The loss at Brownsville, Pa., is $125,000 or more. At Rowlesburg at $125,000. In this neighborhood it will exceed $100,000. At McKeesport all the mills ceased and hundreds are homeless and destitute.

A Wheeling dispatch says: "The freshet was the greatest ever known. The destruction to property is beyond computation, but enough is known to warrant the declaration that nearly every house and most of the fencing on all the low lands between that point and Clarksburg, on the west and as far, at least, as Grafton, on the Valley river, are swept away. The water is now falling at the head waters and the worst is over. Since midnight the river at Brownsville has receded five feet. In this city there was twenty-two feet of water at 2 this afternoon and the river is still rising."

POWERS' MURDERER.

A Belief That the Author of an Old Crime Has Been Captured in Terre Haute.

TERRE HAUTE, Ind., July 11.—Yesterday afternoon Superintendent Stout received a telegram from Grant Station, Ind., asking him to come there with several policemen to arrest James Starke, colored, for murder. Last night Stout and other officers arrived with the prisoner in charge.

He is charged with the commission of the mysterious murder of Vandalia Agent Powers, at Marshall, Ill., about two years ago, upon which occasion Powers, the agent and telegraph operator, was shot through the window and killed and the office robbed. The police say they have the man, but decline to make public the evidence at present.

Hung.

WILMINGTON, Del., July 11.—Samuel Freeman, colored, convicted of the crime of rape on a white woman, was hanged here to-day. The execution took place in the jail. Freeman protested his innocence to the last.

TENNESSEE TRAGEDY

Church Services Interrupted by a Murderous Fight—A Father and Son Killed.

KNOXVILLE, Tenn., July 11.—Laurel Fork meeting house, in Whitley county, near Jellico, Tenn., was the scene, Sunday, of a terrible tragedy. It was a collision between the Rose and Fuston clans while services were in progress. A feud had been in existance between Michael Rose and one of the Fuston boys for some time over $6, which the former accused the latter of stealing from him.

A few weeks ago Fuston waylaid Rose and seriously wounded him with a Winchester rifle. Some time after that Rose shot Fuston from ambush, and clipped off one ear. From that time on the feud grew stronger, and last week both parties, backed by a large number of friends on either side, laid to a liberal supply of shotguns and Winchester rifles, and a collision became only a matter of time.

It came Sunday morning, and just as soon as the minister of the little church was announcing his text, a volley of firearms was discharged just outside the doors. The worshippers were thrown into a state of intense excitement and many women fainted. Outside the battle raged fiercely between the two factions, and when the smoke cleared away it was found that Ewell Lawson and his son John, aged thirteen, belonging to the Rose faction, were dead, having been riddled with buckshot, and that three Fuston boys—Tom, Jim and Enos—and John Porter, belonging to the other side, were seriously and perhaps fatally wounded. A dozen others, whose names could not be ascertained, were more or less seriously wounded. Great excitement prevails in the county, and the end is not yet. More trouble is daily expected.

JURY BRIBERY.

A Chicago Man Gets Behind the Prison Bars for That Offense.

CHICAGO, July 11.—For attempted jury bribery Sumner C. Welch, claimant for the Chicago city railway, is sentenced to a term behind the prison bars, while C. B. Holmes, president of the company, and C. M. Hardy, the company's attorney, are recommended to be dealt with by the grand jury.

The judge, in recommending Hardy and Holmes to the grand jury, said, enough had been shown to establish a reliable ground for the belief that they have a general knowledge of Welch's crimes and indirectly encouraged him by passive acquiescence to guilt with open eyes or winking at his infamy. The sentence of Welch was only for his contempt of court, and he, with Hardy and Holmes, are liable, if their guilt is formally established before the jury in the regular way, to serve terms of hard labor in the penitentiary.

"A DOSE OF CATNIP TEA."

What Sheridan Shook Said of the Republican Temperance Plank.

DETROIT, July 11.—Gen. Clinton B. Fisk, prohibition candidate for president, says his party will gain 50 per cent. more votes this year than in 1884, in New York, and the additions will come chiefly from the republicans. He says the prohibitionists are very much disgusted with the temperance plank of the Chicago platform.

He says it was submitted to Sheridan Shook, the great New York brewer, before it was adopted, who remarked that he would not object to it, as it was only a pleasant dose of catnip tea. General Fisk says his party will do no mud slinging. Twenty-four hours after Harrison's nomination a man sent General Fisk a scandal about the Indiana senator. General Fisk returned the letter, telling the writer it was not true, and he had no use for the stuff.

Forging Names to a Bond.

WABASH, Ind., July 11.—Baird & Dillon, of Chicago, have a warrant to be issued here for the arrest of D. I. Brady, the brother of Dr. Brady, county clerk, who is charged with forging the names of several relatives to the bond given the firm for whom he was acting as traveling salesman, and intrusted with large amounts of valuable jewelry. The firm was led to investigate Brady's course by his successful attempt to secure a large sum of money, thereby pledging jewelry to the value of $1,400 as security. He represented the jewelry as his own when it belonged to the firm. The Chicago firm now seeks to replevin the goods and secure Brady's arrest, but he has flown.

Queer Dry and Wet Fight.

TOLEDO, July 11.—There is great excitement at Bowling Green, near here. A year ago the town voted for prohibition. Yesterday another election was held. The drys refused to vote and the wets won the day by a vote of 329 to 16. At the meeting of the council last night the wets were defeated by a tie vote. Then a dry councilman, S. L. Boughton tired of the fight, resigned. Now an election has been ordered to fill the vacancy, and the wets will probably win once more.

That's Nice.

LONDON, July 10.—The weather throughout England is abnormally cold. Snow has fallen in the suburbs of London.

JOINED THE RANKS

Of Suicides—A Prominent Cincinnati Man Puts Two Bullets Into His Head and Ends His Life.

CINCINNATI, July 11.—Josiah Wilder, sixty-two years old and a prominent business man, committed suicide this morning at his residence, on College hill. At about 5 o'clock this morning he went out to the barn and fired two shots through the right side of his head. The family heard the shots and he was found dead.

He was an elder in the Presbyterian church, director in the Belmont college and engaged in business as a dealer in agricultural machinery.

He leaves a wife and several children, five of whom are married. The only known cause for the act is an affection of the head, which, while not keeping him from his business, was excruciatingly painful. No doubt he deliberately chose this method of freeing himself from what he deemed incurrible torture.

FREELY GRANTED.

The Sentinel Accedes to the Demands of the Types for Higher Wages.

July 1, Fort Wayne Typographical Union, No. 76, decreed an increase in the scale of prices paid the printers of Fort Wayne. The new scale asks 33¼ cents per thousand ems for night work, and 30 cents per thousand ems for day work, with a corresponding increase in the salaries of foremen and job printers.

The action of the Union was transmitted to the editor and proprietor of THE SENTINEL, who is in the east. This morning Mr. Hackett wrote home: "Inform the Typographical Union that THE SENTINEL will cheerfully pay the new scale of prices."

This will certainly be pleasant news to the types, as it insures the success of their just demands, since the other newspapers can not refuse to follow the example of THE SENTINEL.

This journal will also don a new dress in August and be otherwise improved in typographical style, while a new and rapid press is one of the possibilities.

The growth of THE SENTINEL'S subscription list and its healthy advertising patronage and regard for the interests of labor warranted this liberality and expenditure.

THE BOYCOTT

Goes Into Effect in Kansas City Against the "O" Cars.

KANSAS CITY, July 11.—At 12 o'clock the boycott against the Burlington cars was put into effect by switchmen of this place.

The Wabash and Chicago and Alton officials notified the Burlington company that they would continue to receive cars as usual.

As no switching has been done at this hour, the result is still in doubt. The Burlington has a full complement of switchmen at work.

Texas Cattle Fever.

WARSAW, Ind., July 11.—Farmers along the line of the Lake Erie and Western railroad are greatly alarmed over the appearance among their cattle of the dreaded Texas fever. A car-load of Texas cattle passed over the road a few days since and several of the animals died en route and were buried in Tipton county. The infection appears to have caught and is rapidly spreading. In one neighborhood near Tipton ten head of valuable cattle have since died, and a similar disease has since made its appearance among the cows of Kokomo. Farmers fear the scourge will become general.

The Iowa Liquor Law.

BURLINGTON, Ia., July 11.—A saloon keeper, who was enjoined from carrying on the traffic, but who appealed to the United States supreme court and continued business, has been arraigned for contempt. Judge Phelps decided that the injunction was operative, pending an appeal to the United States supreme court.

A Narrow Escape.

WAYNETOWN, July 11.—Yesterday as Henry Clayton and George Lndrix were crossing a bridge it suddenly gave way, precipitating horses and buggy into the ravine below, mangling one horse so that he will die and smashing the buggy to pieces. The men only saved their lives by leaping from the vehicle as it plunged into the chasm.

Republican Meeting.

NEW YORK, July 11.—The republican national committee held a brief session and took a recess, having appointed a committee of nine to report a plan of organization and one for candidates for permanent officers, etc.

Editorial Convention.

CINCINNATI, July 11.—The executive committee of the National Editorial association is in session here, to fix the date for the next annual meeting, which will be held at San Antonio, and to prepare the program.

PAY UP.

Only Seventy-five Dollars a Day for a Room for the Ohio Delegation at Chicago.

CLEVELAND, Ohio, July 11.—Mr. M. A. Hanna, John Sherman's chief lieutenant at Chicago, has sent out the following letter to each of the delegates from Ohio to the recent national republican convention:

"CLEVELAND, Ohio, June 29, 1888.

"DEAR SIR:—In connection with Mr. Conger, member of the national committee, I assumed the responsibility of securing the room occupied by the Ohio delegates at the Grand Pacific hotel in Chicago during the convention.

"The price of that room was $75 per day, and, owing to the protracted term of the convention, the bill has been rendered to me amounting to $725. Four years ago, under similar circumstances, a meeting was called of the delegates and an assessment made to cover the cost of their headquarters. As that was not done in this instance, I will have to depend upon each individual to remit to me the amount of his assessment, which will be $15. M. A. HANNA."

RAILROAD APPROPRIATIONS.

The Sums and Favors Voted to Some of the Fort Wayne Lines in Past Years.

FORT WAYNE, IND., July 10, 1888.

To the Editor of the Sentinel.

Will you please inform an anxious public whether or not the Ohio and Indiana railroad, which merged into the Pittsburg, Fort Wayne and Chicago railroad, received a donation of $100,000 from Allen county upon certain conditions, and oblige.

NEW R. R. SHOP ADVOCATE.

The city of Fort Wayne subscribed $100,000 to the stock of the Ohio and Indiana railroad and received bonds for the amount. These bonds were sold to Judge Samuel Hanna for sixty-five cents on the dollar. In a short time the state roads were merged into what is known as the Pittsburg, Fort Wayne and Chicago, road and Judge Hanna realized handsomely from his investment.

The Fort Wayne, Jackson and Saginaw road was voted $100,000.

The city subscribed $100,000 to the stock of the Grand Rapids and Indiana road and still holds it.

The city voted $100,000 to the Fort Wayne, Richmond and Cincinnati road, and the bonds were strangely hypothecated.

The city gave the Wabash company $35,000 cash and $15,000 worth of land.

Of all these lines the Pittsburg and Fort Wayne road has done the most for the city of Fort Wayne, but as it controls and enabled the Grand Rapids and Richmond railroad companies to cheat the city out of the taxes and shop facilities that should accrue from them if they came into town on their own lines, it is fair to presume that, that great corporation can stand its share of the tax for the proposed new railroad.

Fort Wayne has done handsomely by many railroads, save the Nickel Plate line, and if any should have relief it is entitled to its measure.

JUST DELIGHTFUL.

An Excursion to the Seaside That Hits That Expression Exactly.

Mr. S. A. Wikel, general passenger agent of the Muncie line, has a rare treat in store for tourists; it is an excursion to the seaside, the Cincinnati exposition and a hundred points of interest between us and the ocean. The trip is to Old Point Comfort.

The train will leave here for Cincinnati via the Fort Wayne, Cincinnati and Louisville railway, at 10 a. m. July 17th, going directly through to Point Comfort. This will not be an excursion train, but the regular train will chair, sleeping and observation cars attached, so that there will be no crowd and all passengers can go through with the utmost ease and comfort. The Virginia mountain scenery, the Alleghany and the Blue Ridge valleys, through which this road passes, is equal to the Hudson river scenery, and must be seen to be appreciated. When you arrive at Point Comfort you are but nine miles from Newport News, which stands at the head of American sea-side resorts. Fortress Monroe, Norfork and Portsmouth are but a short distance away.

The best fishing grounds upon the Atlantic coast are close at hand. You are in sight of Hampton Roads, the historical spot where the Monitor and Merrimac engaged in combat for the supremacy of water going vessels in times of war. Richmond and White Springs are conveniently accessible, and for delightful side trips by rail or steamer, Washington, Baltimore and Richmond can be reached very cheaply and the travel will be very pleasant, especially by the Chesapeake bay, Potomac river and the New York and Boston steamships. This is just the kind of an excursion to take to have a glorious time without being at a heavy expense.

Democratic Senatorial Nomination.

LOGANSPORT, Ind., July 11.—At the senatorial convention of Carroll, White and Pulaski counties, convened at Winamac yesterday, Dr. Henry W. Thompson was nominated for senator from that district. Dr. Thompson is a democrat of sterling worth, and it is claimed that his election is assured.

DEATH IN FLAMES.

A Buffalo Livery Stable Destroyed by Fire and Two Employes are Burned to Death.

BUFFALO, N. Y., July 11.—The livery stable of H. C. Springer was entirely destroyed by fire this morning. Two employes, James Burkhardt and Richard Brennan, were burned to death. The loss is estimated at $30,000, with $10,000 insurance.

IN GAY COLORS.

The Patriarchs of America Assemble in National Council—Their Reception This Morning.

The Patriarchal Circle of the United States met in annual convention in this city this morning.

Last night the circles and delegates arrived on every train, and this morning the ranks were swelled by fresh forces and new swords. Full temples are present from Defiance, Bloomington, Englewood, Milwaukee, Chicago, Columbus and Waukesha.

The temples at St. Paul, Des Moines, Minneapolis, Oreakon, Rochester, Grand Rapids, Boston, Michigan City and Elkhart are largely represented, and fully 500 strangers are our guests.

Their music is provided by five bands and they are all good ones.

The reception this morning was the order of the program and before 9 o'clock the knightly Patriarchs formed in procession at the Wayne hotel and marched in a great fashion to the Temple opera house, the scene of festivities. The city band gave the overture and Rev. S. A. Northrop, of the Baptist church, invoked divine blessing.

Hon. C. A. Mahler, the mayor, welcomed the Patriarchs to Fort Wayne and tendered them the freedom of the city in a handsome speech.

Mr. Samuel A. Fiegler, supreme oracle of the circle, from Ottumwa, Iowa, responded to the words of welcome for the order and did so with much eloquence and knightly courtesy.

Mr. Martin T. Krueger, the supreme treasurer, from Michigan City, made a very happy speech, in the course of which he outlined the aims and purposes the Patriarchal Circle in contrast with rival orders and the churches. He gave the circle a record of sublime simplicity that won for him frequent applause. After a selection by the Milwaukee band, Rev. Northrop made a brief address in his pleasant way and pronounced the benediction.

The Supreme Temple met in eighth annual session after the reception at the Temple and listened to the report of Samuel E. Fiegler, the supreme oracle. Mr. Fiegler complimented the circle on its growth and pronounced the progress of the year phenomenal. He eulogized the devotion of the Patriarchs and predicted a brilliant future for the order.

This afternoon, too late for extended notice, the Patriarchs indulged in their annual dress parade and made an elegant appearance in their handsome uniforms and with plumes.

The inspection is in progress at the Hamilton fields by Supreme Commander W. W. Bernard and his staff.

The business session to-night has been abandoned, to give place to a lecture to be delivered at the Temple opera house, by Rev. B. M. Shutter, of Minneapolis, an eloquent divine and a close mate of our brilliant minister, Rev. S. A. Northrop.

The program to-morrow and the day after is as follows:

THURSDAY, JULY 12.

9:00 a. m.—Session of Supreme Temple.

2:30 p. m.—Competitive drill at fair grounds.

7:00 p. m.—Session of Supreme Temple.

9:00 p. m.—Grand ball at the Princess rink.

FRIDAY, JULY 13.

9:00 a. m.—Session of Supreme Temple.

2:00 p. m.—Session of Supreme Temple.

7:00 p. m.—Session of Supreme Temple.

Excursion Rates to the Blaine Circus.

NEW YORK, July 11.—The passenger committee on the trunk lines established special rates on the various roads to this city for the occasion of the arrival here of James G. Blaine. Blaine is expected here July 27. All clubs of twenty or over will be carried to this city on any of the roads at the rate of one fare for the round trip. Tickets will be good for three days.

A Dishonest Official.

DETROIT, Mich., July 11.—Charles H. Wright, for the past eleven years assistant superintendent of the mailing department of the depot postoffice, was arrested last night on a charge of purloining money from the mails.

She Tried and Knows.

A leading chemist of New York says: "No plasters of much merit as the Allcock's Porous Plasters have ever before been produced." They are a novelty because they are not made simply to sell cheap, they are the best that science, skill and money can produce, and will do what is claimed for them. For sprains, aches, weakness, lameness, etc., they are unequalled.

Sold by Fulton St., Sandusky, O. Nov. 21, '87.
The Allcock Porous Plaster Co.
Gentlemen: I have used your Allcock's Porous Plasters with the best results. It is the best I ever tried and I have used many kinds. One plaster applied over the small of the back cured me entirely that I don't think of it now. I sprained my arm and shoulder in July, and it has been very painful since, but it does not pain me at all now. Yours truly, MRS. WILLIS MANLY.

Send 6 cents for the beautiful colored picture, "Mother's Darling."

NATIONAL PROHIBITION.

Favorable Report to Submit to the People a Constitutional Amendment to Prohibit Liquor Traffic.

WASHINGTON, D. C., July 11.—The proposition to submit to the people of the several states a constitutional amendment to prohibit the liquor traffic in the United States, was favorably reported by Senator Blair to-day from the committee on education. The report accompanying the bill says: "There are members of the committee who concur in the report recommending the submission of the proposed amendment to the states who do not by such action indicate the approval of the adoption of the amendment as a part of the constitution, nor that they would themselves advocate its ratification by the legislatures of the states."

After stating that a majority of the committee think that a refusal to submit the proposed amendment to the states for ratification would be statesgons to the denial of the right of a party to be heard in court upon a question of private rights, the report continues: "The agitation for national legislation for the extirpation of the traffic in alcoholic poison made and sold to be used as a beverage will never cease to disturb and finally destroy the great political parties until they submit to the states the question of the enlargement of the national constitutional jurisdiction so as to include control of the subject.

"When decided, if adversely to the ratification, the subject will be eliminated from national politics at least for many years. If on the other hand the proposed amendment should be ratified and become a part of the national law, the chief curse of the world would be summoned to the block of national justice and die by the hand of the only power which can yield an ax big and sharp enough to cut off its hydrahead. Then we shall have peace. But agitation for the destruction of the liquor traffic can not cease until the evils which it inflicts upon mankind are removed or the human race is destroyed. It is useless to cry peace, peace when there is no peace."

Spreading Out.

Logansport Pharos.

Mr. P. A. Randall and Mr. Hilton, of Fort Wayne, came to the city to-day to look after the electric light system. These gentlemen are connected with the Jenney company at that place, the former as vice president, and the latter as superintendent of the works. The *Pharos* learns that they contracted while here for two boilers, each 100 horse power, to be placed in the electric light house in this city. Another engine will also be furnished the Logansport company, and it will be used in providing power for the incandescent system which is soon to be introduced here. With these improvements the light company will be able to give their patrons a better service than has ever been furnished in the past. At present the city is poorly lighted, but when all the changes contemplated are in force there will be no cause for complaint.

A Card.

Some time ago Mayor Mahler issued a proclamation ordering all dogs to be muzzled or killed. The people and police take as much notice of this proclamation as they do all others, as not one dog out of ten are muzzled. If ordinances are not to be enforced why make them? A CITIZEN.

He Was Gratified.

Dissatisfied Colonel—I expected, Captain, that the General would send me men of experience for this expedition. I wanted an officer to lead men who have seen service. I dare say you never led anything?

Captain—I led the gorman last summer at Newport.—*Life.*

STORIES OF POVERTY.

Pleas of Railroad Representatives For a Lower Rate of Tax Assessment.

Stories of the pitiable impoverishment of Indiana's great railroad corporations were told with much candor and pathos by representatives of several companies at the session of the state board of equalization yesterday.

Judge Williamson, representing the Nickel Plate, in his plea said the road's territory was new, the towns along the line are all small, and there is nothing of substantial value in the possession of the company, except the right of way through Fort Wayne. The road could be built for $10,000 a mile. The business in Indiana is carried at greater expense than in any other state, and he thought that some concessions should be made in the matter of lower assessments.

R. C. Bell stated that the White Water road, which runs from Rogersville to Harrison, had the gross earnings last year were $95,000 and the expenses $90,000, which was enough to show that it could not stand much of an assessment. In speaking for the Fort Wayne, Cincinnati and Louisville, Mr. Bell said that it has barely been able to pay $7,000 a year of interest on the bonded indebtedness, and that the stockholders real ze nothing.

John G. Baker appeared for the Lake Shore and Michigan Southern. The assessment on its main line, he said, was pretty near fair, but on the Fort Wayne branch it was too high.

ADDITIONAL LOCAL.

Mr. A. T. Lukens has returned to the city to reside.

Mr. Bob Learmoth, official stenographer to Superintendent C. D. Law, leaves this evening on his summer tour. He will ruisticate at Conneaut Lake, in Pennsylvania.

Superintendent and Mrs. C. D. Law with their children are at Asbury Park, N. J. Mr. C. R. Higgins looks after the destinies of the Pittsburg and Fort Wayne road in the absence of Mr. Law.

The Louisiana lotiery was drawn yesterday. Following are the numbers of the tickets winning the eleven principal prizes: 38,567, 58,469, 47,643, 88,955, 81,797, 96,706, 78,445, 60,711, 93,909, 64,941, 66,124.

It was remarked by a passenger that came in on Wabash train No. 46 yesterday, that he never saw such care taken by a road to prevent accidents. At every point where a washout or land slide seemed possible, a man was stationed, and when the track was submerged, as it was in some cases, men waded along in front of the engine to be assured that the track was in secure condition.

The St. Paul M. E. church fair is now progressing nicely. There was a very large attendance last night, and candidates for watches, sewing machines, cakes, etc., were busily engaged in soliciting votes. Miss May Mowrer for a watch and Mr. Charles Shafer for a gold headed cane are very popular candidates. So far the weather has been very unfavorable, but the attendance is large whenever the weather permits. The fair will continue this week and next, and an enjoyable time is assured to those who attend.

For Indiana there are six bills on the calendar in the house ready to be passed. One is for a hundred thousand dollar building at Evansville, one for $60,000 for Madison, one for a fifty thousand dollar building at Logansport and one for a sixty thousand dollar building at Richmond. The committee has yet four bills for Indiana which have not been reported. One is for a fifty thousand dollar building at Jeffersonville, and the three others are for Vincennes, Lafayette and South Bend, each providing for the erection of seventy-five thousand dollar buildings.

The *Journal* struck a moral vein this morning and wants to know why Walter Burnham was not executed yesterday for cutting Billy Eaton with a knife, Mr. Eaton, the injured party, absolutely refused to prosecute Mr. Burnham and it was on the evidence of Chief Diehl and the police officers that Mayor Muhler imposed a fine on Burnham. It may have been a handsome thing for Mr. Eaton to have knocked Charley Turner down, because Mr. Turner, once upon a time, had the temerity to assault a journalist, but it will hardly do to hold Mr. Burnham up for public execration, while Mr Eaton, who was previously the principal in a brutal dog fight and a saloon row, is not only excused, but a partial press omit his name for courtesy sake. Such one sided morality is positively disgusting. Both parties to the fight are equally blamable and responsible.

He Did Not Wait Till To-morrow.

Three-year-old Ralph, who had been eating grapes, begged for another bunch which he saw on the buffet. "No," said his mamma, "you have had plenty this morning. I will give you that bunch to-morrow."

Half an hour after he appeared with his lips suspiciously stained. "Ralph," asked his mother, gravely, "how did those stains come on your lips?"

"Mamma," he replied, quite as gravely, "they are from the grapes I am going to eat to-morrow."—*Harper's Bazar.*

A Good Appetite

Is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

Be polite, prompt, decisive, civil, and obliging to all your customers, and see that your clerks do likewise.

To most children, the bare suggestion of a dose of castor oil is nauseating. When physic is necessary for the little ones use Ayer's Cathartic Pills. They are safe and pleasant to take. Try them.

HOOD'S SARSAPARILLA
COMPOUND EXTRACT
TRADE MARK

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and Hood's Sarsaparilla is worthy your confidence. It is peculiar in that it strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. Give it a trial.

Hood's Sarsaparilla is sold by all druggists. Prepared by C. I. Hood & Co., Lowell, Mass.

Pierce's Pleasant Purgative LITTLE LIVER PELLETS.
The Original
REWARE OF IMITATIONS. ALWAYS ASK FOR DR. PIERCE'S PELLETS, OR LITTLE SUGAR-COATED PILLS.
Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As a laxative, alterative, or purgative, these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion and Biliousness, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of these Pellets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal. All, or almost all, constituting their sanative influence. Sold by druggists, 25 cents a vial. Manufactured at the Chemical Laboratory of World's Dispensary Medical Association, Buffalo, N. Y.

$500 REWARD
is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Chronic Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent and bloody; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, offensive breath; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "Cold in the Head," Coryza, and Catarrhal Headache.

Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. Hausner, the famous mesmerist of Bluffton, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was beyond the skill of any physician. I used no advertising medicine, but by chance I obtained Dr. Sage's Catarrh Remedy, and in three months I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

Thomas J. Rushing, Esq., 292 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. I thought I should hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and am free to say to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

Ela Rounds, Runyan P. O., Columbia Co., Pa., says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her. A third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

Luxuriant Hair

Can only be preserved by keeping the scalp clean, cool, and free from dandruff, and the body in a healthful condition. The great popularity of **Ayer's Hair Vigor** is due to the fact that it cleanses the scalp, promotes the growth of the hair, prevents it from falling out, and gives it that soft and silky gloss so essential to perfect beauty.

Frederick Hardy, of Roxbury, Mass., a gentleman fifty years of age, was fast losing his hair, and whist remained was growing gray. After trying various dressings with no effect, he commenced the use of Ayer's Hair Vigor. "It stopped the falling out," he writes; "and, to my great surprise, converted my white hair (without staining the scalp) to the *same shade of brown it had* when I was 25 years of age."

Ten Years Younger.

Mrs. Mary Montgomery, of Boston, writes: "For years, I was compelled to wear a dress cap to conceal a bald spot on the crown of my head; but now I gladly lay the cap aside, for your Hair Vigor is bringing out a new growth. I could hardly trust my senses when I first found my hair growing; but there it is, and I am delighted. *I look ten years younger.*"

A similar result attended the use of Ayer's Hair Vigor by Mrs. O. O. Prescott, of Charlestown, Mass. Miss Bessie H. Bedloe, of Burlington, Vt., Mrs. J. J. Burton, of Bangor, Me., and numerous others.

The loss of hair may be owing to impurity of the blood or derangement of the stomach and liver, in which case, a course of **Ayer's Sarsaparilla** or of Ayer's Pills, in connection with the Vigor, may be necessary to give health and tone to all the functions of the body. At the same time, it cannot be too strongly urged that none of these remedies can do much good without a persevering trial and strict attention to cleanly and temperate habits.

REPORT OF COMMITTEE ON PRINTING.

We, your committee on printing, to whom was referred the resolution of Councilman Schmidt relative to the printing of the new revised ordinances, that the delay has been occasioned by the delay of the city attorney in preparing the indexes and additions to the same. Mr. W. S. Oppenhoim is now engaged in making such index and notes and the same will be completed within ten days, when Mr. Haskett will bind the same at once.

REPORT OF COMMITTEE ON SEWERS.

We, the committee on sewers make the following report:

1. We have awarded the contract to Joseph Doehrmer for constructing an 18-inch sewer in the alley between Hamilton street and Maumee road and Butler street to the first alley west of Lafayette street.

2. We have awarded the contract to Joseph Doehrmer for constructing a 15-inch sewer in the first alley west of Lafayette street, from the alley between Hamilton street and Maumee road to the center of lot No. 36, Hamilton's second addition.

3. We have awarded the contract to Joseph Doehrmer for constructing a 15-inch sewer in the alley between Hamilton street and Murray street, from the first alley west of Lafayette street to Harrison street.

4. We have awarded the contract to Joseph Doehrmer for constructing a sand pit on the southeast corner of Williams street and Clinton street.

5. In favor of the ordinance to construct a 15-inch sewer on the west side of Hanna street and DeWald street, from Webster street to the first alley west of Calhoun street.

6. In favor of the ordinance to construct a 12-inch sewer in the alley between Calhoun street and Harrison street, from Butler street to DeWald street.

7. In reference to section 17, of the city civil engineer and inspector's report in regard to constructing a 15-inch sewer in the alley between Wayne street and Washington street, we report in favor of said sewer being constructed before it is improved.

8. In favor of the petition of D. Klotz and others for a sewer. We have instructed the city civil engineer to prepare the sewer ordinance as prayed for in said petition.

9. In favor of the resolution of Councilman Sly for a catch basin on the northeast corner of Ewing street and Powel street.

10. In favor of the bill of S. Bash & Co. for the sewer pipe furnished for the Wells street sewer.

11. In favor of the bill of W. L. Logan for grate for said pit on the corner of Lafayette street and Wayne street.

12. Adverse to the bill of the Fort Wayne Gas company for repairing gas pipes on the Griffith street sewer. Your committee is of the opinion that the city has nothing to do with said repairs.

13. In favor of the ordinance to construct a 12-inch sewer on the east side of Van Buren street, from the 8-inch sewer in the alley between Washington street and Wall street to a point eight feet north of the south line of Wall street.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

We, your committee on streets and alleys respectfully report:

1. The contract of John McCann to grade and pave the sidewalk on the west side of Calhoun street, bordering on lot No. 1, White's addition.

2. The contract of John McCann to grade and pave the sidewalks on the south side of Archer avenue.

3. Reject the bids for sidewalks on the south side of Lillie street, as the street is not practically opened.

4. Reject the bids on the west side of Smith street from Grant street last, as the lowest two proposal without figures added to it and the committee instructed to re-advertise.

5. Reject the bids for sidewalks on both sides of Lillie street, for the reason that the proposal was drawn up improperly and the committee instructed to readvertise.

6. In favor of resolution of Councilman Balfor to grade and pave with brick the sidewalks on the south side of Third street, as per resolution.

7. Adverse to resolution of Councilman Balfort to grade and pave with brick the sidewalks on the north side of High street.

8. In relation to the resolution of Councilman Sly asking for a stone crossing, we have instructed the street commissioner to perform the same as soon as he can get the material.

9. Adverse to resolution of Councilman Sly to open Ewing street, as the people in that vicinity have just been assessed for the widening of Brookenridge street and it would be too burdensome to saddle another street fox them, which would be of no benefit to anyone.

10. In reference to the resolution of Councilman Schmidt asking for street crossings on the corner of Smith and Grant streets, would say that there is four good crossings, therefore we think none are necessary.

11. In relation to resolution of Councilman Hand asking to repair cobble stone gutter on Harrison street, the work is already performed.

12. Adverse to the petition of W. G. Sinhl and others to build brick sidewalks on the east side of Lafayette street, as there is no house on that side of the street.

13. Adverse to the resolution of Councilman Sly to build sidewalk on the north side of Wayne street, same is already done.

14. In favor of resolution of Councilman Sly to grade and pave with brick the sidewalks on the west side of Berry street, as per resolution.

15. In favor of resolution of Councilman Hand asking to repair cobble stone gutter on Harrison street, the work is already performed.

16. In relation to section 6 of the street commissioner's report of June 25th, we find a pool of water as reported, which was caused by the breaking down of an old wooden sewer which the same will be taken up and boxed and the same is running through private property at a distance of about 350 feet, which would make a very expensive and difficult job for the city to rebuild. The only possible way to get rid of the water would be to have an alley sewer constructed. We therefore recommend the same.

17. In reference to section 3 of the street commissioner's report asking that the north side of Calhoun street, between Berry and Main, should be taken up and relaid, we find the committee on streets and alleys of the opinion same should be done, but at the expense of the water works department, as they had it torn up to lay water mains and never put it back as the ordinance requires them to do, or any person who tears up a part of any street.

18. In favor of the approval of the plat of Mrs. Bridget Corcoran, as we find the same to conform with all requirements

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We, the committee on streets with city attorney, to whom was referred certain matters respectfully report:

1. In the matter of the petition of J. H. Williams and others to vacate the plat of Taylor and Sinclair's subdivision of Ewing's out lot 35, we report that we have carefully examined said plat with reference to the streets and alleys and recommend that the same be approved.

2. With reference to the petition of the school trustees of the city and Anna Lauer asking for the vacation of the alley five feet in width, lying between 127 and 129 said plat, we recommend that the city communication be called out for the purpose of vacating the same upon the petitioners causing the proposed vacation to be published and depositing with the city treasurer the amount of the expenses occasioned thereby.

REPORT OF SPECIAL COMMITTEE ON WATER WORKS.

The special committee appointed to visit Hamilton and Dayton, or other cities where they were using artesian supply from wells, would report that at Hamilton we found they were obtaining an abundant supply of pure water from deep wells that had been sunk in their water basin, about twenty in number. These wells flow into a well located in their pumping house and are pumped by their engine. The supply of water afforded by their basin, which we thought to be very good, had been abandoned for the reason that it was warm in the summer and did not suit the consumers. The wells at Hamilton were sunk by steam power, same as we were informed, and we found the water works system at Hamilton a most perfect.

At Dayton the water is supplied in a like manner from pipe wells sunk on the bed of the river, which are connected and flow into a pumping well at the pumping house. They have also an abundant supply of pure, cold water.

At Dayton we co ssulted with Stimson & Co. who constructed their well system, contracted with them to construct one or more wells on the following terms:

8-in $3 per foot for the first well cost, $4183,00
6-inch $3.55 per foot for the second well cost $106.65.
6-inch $2.55 per foot for the third well, cost not finished.

The first eight inch pipe well in the north end of our basin is successful and will yield 100,000 gallons of water in 24 hours. The second well was a failure, the pipe broke in the dust, and there no gravel was found and no flow of water. The pipe of the third well is now down 60 feet and has struck the gravel. We think the finest quality of water bearing gravel the whole distance with abundance of water. We hope for success with this well when we reach the rock, for the contractors say the indications are as favorable as they have ever seen.

After our return the mayor and a majority of the council met together at the water works to look after the interests of the city. We make a contract with Stimson & Co. for one or more experimental wells for the purpose of thoroughly testing the question of adapting a supply of water in a manner similar to that in use at Hamilton and Dayton.

HENRY C. BERGHOLT,
City Treasurer.

Referred to committee on finance.

REPORT OF CITY ATTORNEY.

I respectfully report as follows:

1. I have had put in execution called to the two reports of the city treasurer, relating in the one case to the proposed opening of Barnhart street, and in the other to the proposed opening of an alley between Baker and Chicago streets. I find upon consulting the records that in both cases, as in other like cases, collections of benefits have been made sufficient to pay all damages assessed. Now, if the council should see fit to ratify and confirm such assessments and proceed to pay all damages assessed to real estate owners affected by such opening and pass the ordinances prepared, the council can after the payment or tender of the damages ordered the street commissioner to remove all obstructions and, as a matter of fact, open said proposed highways.

2. I now notify the council that Mr. William Fleming, a tax payer of this city, has begun an action to enjoin the board of water work trustees from collecting any further rents for water after the following six months on the ground that for the last six months of the year the board collected from consumers more than enough to pay the expenses of managing and operating the works for a year. The board has employed counsel to assist in the action. The interest of the purpose of attesting Mr. Fleming's suit, ought to be dismissed as surp.se by making an illegal and void appropriation of over ten thousand dollars, which was in the water works fund. This money can only be expended under contracts first entered into by the council and for the board to undertake before the end of the year to expose it shall be expended for it beyond its authority. I recommend that this council, by the passage of a proper resolution, promptly d ecaint from the action of the board in this undertaking to reduce a surplus.

3. In the matter of the petition of Guy Strock through lot 41 Eliza Hanna, ec. addition, I respectfully report that it is not lot 41, but lot 42, in said addition that has been opened. I have prepared the proper resolution to have the matter referred to the street, committee, which is a preliminary step required. Pending the committee's report I will examine and discover as to whether or not the dedication of lot 41 is such a violation of the statute making it an offense to obstruct a public highway.

HENRY COLERICK,
City Attorney.

Sections 1 and 3 concurred in and section 2 referred to the mayor and committee on finance.

REPORT OF MAYOR AND CITY ATTORNEY.

We, the mayor and city attorney, to whom were referred divers matters, respectfully report as follows:

1. In the matter of the petition and report of the school trustees asking for the purchase of certain lots for new building and the title thereto, we report that we find the title by adverse possession, all right and claim barred and of twenty years and 1888, payable 1888 and 1889. We find an apparent lein in favor of the heirs of Peter Bash against the lots, which he to be then for divers reasons, but principally because after the taking of the mortgage the bank by its consent allowed Mr. Neary to have voyed it, thus wiping out the mortgage. We requested the trustees to exempt from the sale the lots in question, but this they refused, which has been done. We therefore recommend that the action of said 4 notices as well as the contract of purchase, be, by the council, approved.

2. In the matter of contract of Geake Bros., for paving with brick the alley in Block 9 Nirdlinger's addition, we report that Messrs. Geake are willing to complete all sidewalks and alleys to be ready for completion by August 1st, 1888. If those owners of lots having telegraph poles upon sidewalks fronting the alleys will take the proper steps to have such poles removed to the street all the sidewalks can be finished within thirty days. The contractors will, all right and claim, pay for and all extras for 1887 and 1888, payable 1888 and 1889. We find an apparent lein in favor of the heirs of Peter Bash against the lots, which he to be then for divers reasons, but principally because after the taking of the mortgage the bank by its consent allowed Mr. Neary to have voyed it, thus wiping out the mortgage. We requested the trustees to exempt from the sale the lots in question, but this they refused, which has been done. We therefore recommend that the action of said 4 notices as well as the contract of purchase, be, by the council, approved.

2. In the matter of contract of Geake Bros., for paving with brick the alley in Block 9 Nirdlinger's addition, we report that Messrs. Geake are willing to complete all sidewalks and alleys to be ready for completion by August 1st, 1888. If those owners of lots having telegraph poles upon sidewalks fronting the alleys will take the proper steps to have such poles removed to the street all the sidewalks can be finished within thirty days. The contractors will, all right and claim, pay for and whenever the property holder will be willing to sign an agreement that the company agrees no legal liability to pay, and the property holder may insist in such agreement that the company acquires no new or greater right thereby. Nearly all the property holders have agreed to such temporary removal. Messrs. Geake will not complete and pave the alley next to the gas and we know of no way of compelling them so to do.

3. In the matter of the making of contract with Ratterbur & Sons for piping for Hayden and North Side parks, we report that in accordance with the instructions of the council we closed said contract.

CHAS. F. MUHLER, Mayor.
HENRY COLERICK, City Attorney.

Sections 1 and 3 concurred in. Section 2 referred to mayor and attorney to interview the property owners relative to the matter.

REPORT OF TRUSTEES OF WAYNE TOWNSHIP.

In reply to a resolution of Councilman Rand, adopted June 26th, the trustees of the water works would report: That pipes ought to be laid on the following named streets, and that petitions for many of those lines have been presented to your honorable body and in the hand. So soon as these lines are particularly important on account of rapid and valuable improvements during the past few years. This is particularly the case in the Lawis street, where many beautiful houses have recently been built. Also in portions of the Sixth, Seventh and Ninth wards, where many houses have been built and the people need a supply of water. An approximate estimate of the cost of the lines is $20,000, and the cost of each line is herewith given as nearly as it can be figured.

A new pumping machine is needed (for it one only engine that has run continually for nearly nine years should give out), we have no pump that could keep up the supply needed at the present time. An engine will cost in the neighborhood of $30,000.

It will cost perhaps $30,000 to complete the reservoir, which is gradually being destroyed by the weather, because of its unfinished condition.

Therefore, in our opinion, $75,000 could be well expended in the new lotion and extension of the water works system. Heretofore all the plus extensions amounting to over six miles have been made from surplus revenues and the water rates have been higher than in other cities, but at the rates first adopted by the board in conformity with an expressed desire of the council, there will not be any surplus revenue over the amount required for repairs.

"Dutchy," he said, "you make me tired."—*Judge.*

Fortify the system, by the use of Ayer's Sarsaparilla, against the diseases peculiar to hot weather. This medicine induces a healthy action of the stomach, liver, and kidneys, causing them to prevent the accumulation of the poisons which produce disease.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Excursion to Old Point Comfort.

The Fort Wayne, Cincinnati and Louisville railroad will run an excursion to Newport News and Old Point Comfort, via the Chesapeake and Ohio route, on July 17, 1888, at exceedingly low rates for the round trip. School teachers and others who contemplate taking a trip during vacation should wait for this excursion. Tickets will be good for twenty-one days, with stop over privileges at all points returning. EVERY NIGHT I SCRATCHED

Until the Skin was raw. Body Covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. I am a boy of 14. April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later, when I found it began to look like spots of mortar spotted on me, and when I scratched in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales being formed meanwhile, were scratched of again. In vain did I consult all the leeches in the country, but without aid. Attempting a change of climate for my recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began in earnest and the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease for seven months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all I see my friends, and I know of a great many who have taken them, and I take much pleasure in writing this especially nothing else have I ever used that left no scars. My body was covered with scales, and I am an awful spectacle to behold. Now my skin is as nice and clear as a baby's.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down, to breathe freely, sleep soundly and undisturbed, to be free from offensive head clear, brain active and free from pain or dullness, to be entirely free from catarrhal poison, purify your entire system of this poisonous, putrid matter or dislike the breath and rotten odor. The entire machinery of smell, taste and hearing; to keep the throat clear, nor, through its veins and arteries, make up the blood, which is sure to undermine and destroy, is indeed a blessing beyond that of either human enjoyments. To purchase immunity from all these ills should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief from catarrh.

Sanford's Radical Cure fogels every phase of Catarrh, from a simple head cold to the most loathsome and destructive disease. Instant, local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

The latter says he had no insurance on his stock of groceries, as the policy was cancelled some days ago.

ECHOES OF THE RAIL.

The Morning Tour of the News Centers of the City Reveals Nothing Startling.

W. C. Ward, a brakeman on the Pittsburg road, is on the sick list.

The Olds wagon and Wheel works will pay off their employes Saturday.

The excursions from this city to Niagara Falls this year are very few.

Mr. E. Hall traveling auditor of the Lake Shore road, was in the city yesterday.

The Bass works shipped three carloads of wagon skeins out of the city yesterday.

The Second Presbyterian church will excurt to Lake Maxinkuckee to morrow over the Nickel Plate.

August Schubert, of the Bass moulding room, joined the Jeffersonians of the 7th Ward last evening.

The disbursements for wages on the western division of the Pittsburg road for June amounted to $170,000.

D. W. Harding, formerly of the Pittsburg shops in this city, is now a railroad engineer at Denver, Colorado.

J. C. Cothrell and L. Hiser, firemen on the Grand Rapids road, have been promoted to the position of engineers.

B. B. Beafew, formerly a machinist in the Pittsburg shops, left this morning for Chicago, where he has accepted a position.

The game between the regular nine and the clerks from the Pittsburg railroad will be played next Saturday at the fair grounds.

There was an immense crowd at the south depot last evening when the visiting delegations of the Patriarchal Circle arrived in the city.

William Wertle, of the Pittsburg blacksmith shop, is off duty attending the conclave of the Patriarchal Circle, of which he is a member.

James Trythall, of the Pittsburg blacksmith shops, has been off duty for a few days on account of an attack of inflammatory rheumatism.

The passenger rooms at the Pittsburg depot look very handsome, now that the improvements, which have been in progress for a few weeks, are completed.

Many of the boys in the shops had tickets in the Louisiana lottery, the drawing of which took place yesterday, but none of them captured the capital prize.

L. J. Bourie, a clerk at the Pittsburg shops, is off duty this week. He is a member of the City band, who are engaged in furnishing music for the Patriarchal Circle.

THE SENTINEL recognizes the fact that the Pittsburg shops are a great benefit to the city and will always uphold and accord them praise for what they have done for us.

Herman Nietz, of the Pittsburg roundhouse, was entertaining the boys in a royal manner last evening on account of the arrival of a beautiful girl baby at his home on East Jefferson street.

A large party of the Patriarchal Circle delegates came in on the Wabash this morning from Bloomington, Ill., and several delegations from Chicago and other points came in on the Pittsburg last evening.

Charles Barnes, of the Pittsburg blacksmith shops, has returned from Garrett, Ind., where he was attending the funeral of his brother, who was killed in a railroad accident on the Baltimore and Ohio railroad a few days ago.

J. E. M. Baker, ticket receiver at the Pennsylvania freight house, has at last mastered the bicycle and can now ride the vehicle with any of the boys. The boys mounted him last evening, and although he took a header or two, he kept at it and conquered. He will soon be one of the most accomplished bicyclists in the city.

What might have been a serious runaway occurred yesterday on Hanna street near the Bass foundry. An old gentleman was driving along in a buggy and his horse becoming frightened attempted to turn, and in doing so the buggy was upset throwing him out. The boys in the Bass works rushed to his assistance, caught the horse and thus prevented any serious injuries.

Frank Schell, formerly of the Pittsburg clerical force, is visiting his parents, Mr. and Mrs. S. C. Henderson, of Lafayette street.

Harry Pollmanns, clerk in the Pennsylvania company's offices in this city, drew an approximation prize in the Louisiana lottery yesterday and is just $4 ahead as a result of his investment.

Daniel Hurley, assistant foreman of the Pittsburg boiler shops, will leave to night to be absent two weeks. He will join his family who have been visiting parents at Erie, Pa., and will then make a tour of the Eastern cities, viz: Philadelphia, Washington, and Buffalo, and return via. Niagra Falls.

Martin Traverse, a machinist in the Pittsburg shops, will in a few days leave for a three months tour through his native country, Ireland. He will embark from New York on the steamer Conard, the fastest on the line, about the 14th. He will take in Queenstown, Dublin and Belfast, and then go into the country and see his Irish lassie. Martin will leave scores of friends behind as he is a young man who is universally respected by all his shop mates and many will be the "God speeds" when he takes his leave.

The Pittsburg, the Grand Rapids and the Nickel Plate railroads each have resorts to which excursion parties can be taken from this city for the purpose of spending the day. With Warsaw and Rome City, the resorts reached by the Pittsburg and Grand Rapids, Fort Wayne pleasure seekers are well acquainted, but with Lake Maxinkuckee, the resort offered by the Nickel Plate, the people are comparative strangers. It is said however, by those who have been there, to be a grand place and equally as attractive as either of its rivals. It is unfortunate that this city has not a summer resort of its own which would bring people here instead of taking them away, but with the resorts in convenient reaching distance, it is certainly well supplied and if the city is the loser by it, we have the consolation of knowing that they inure to the benefit of our railroads, in all of which we have an interest.

LOCAL BRIEFS.

Justice Ryan fined Thomas Proctor for provoke on Elizabeth Wabelfield.

The Second Presbyterian church will excurt to Lake Maxinkuckee to-morrow.

Robert Mater and Margaret Smith, Frederick Kreibaum and Carrie Kreider have been licensed to wed.
